Highway dedicated to service and sacrifice of Sgt. Jeremy Summers

Pictured left to right are State Representative Tom McKee, Michael, Austin, and Laura Summers, Bracken County Judge Executive Earl Bush, Harrison County Judge Executive Alex Barnett, Senator Robin Webb, and State Representative Mike Denham.

John 15:13 states, "Greater love hath no man than this, that a man lay down his life for his friends." Sgt. Jeremy Summers paid that ultimate expression of love when he died on Thursday, July 14, 2011 in Paktika Province, Afghanistan, after enemy forces attacked his unit with small arms fire on July 13. He was assigned to the 2nd Battalion, 506th

Infantry Regiment, 4th Brigade Combat Team, 101st Airborne Division, Fort Campbell, KY. Sgt. Summers was 27 years old and a 2002 Bracken County High School graduate.

On Thursday, November 1, 2012, local officials, family members, friends, and community members gathered to honor Sgt. Summers again as a portion of the highway in Milford was

dedicated to him.

As local officials spoke of his sacrifice and dedication to duty and country, his family spoke about the child they loved and lost and of the pride they have for him. The Augusta VFW Post 9535 gave a 21 gun salute in honor of Sgt. Summers' service and sacrifice. The Patriot Guard, a group men and women who profess to "Stand for those who stood for us", were again

on hand to show respect for Sgt. Summers and his family as they were when he was brought home and laid to rest.

Sergeant Jeremy R. Summers Memorial Highway will be from the Bracken - Harrison County line to the Milford City Limits on KY 19 (Milford-Powersville Road) in Bracken County.

Casket vault thief apprehended

The Bracken County Sheriff's Office received an anonymous tip on Mon., Nov. 5th, of a subject trying to sell a casket vault that he had in the back of his truck. The suspect was identified as Gilbert Sherman Strode who was driving a white dodge pickup truck. Strode was last seen heading towards Augusta, and Dep. Ian Kelsch was able to locate Strode just west of Augusta where he blocked him in with his vehicle in a driveway. Strode backed his vehicle up and almost struck Dep. Kelsch with his vehicle while fleeing the area and the vault fell out of the rear of the truck.

Deputy Kelsch initiated pursuit of the subject which reached speeds of 80 m.p.h. and crossed over into Mason County on Rt. 8 where he was eventually stopped. Strode was placed under arrest and lodged in Mason County Detention Center for the following charges:

Wanton Endangerment 1st degree - Police Officer; Fleeing or Evading Police 1st degree - Motor Vehicle; Wanton Endangerment 2nd degree; Speeding 25 MPH over limit; Receiving Stolen Property Under \$10,000; No Operators License; and Controlled Substance Prescription not in Proper Container, 1st offense.

Deputy Kelsch contacted Clark Hennessey of Metcalfe-Hennessey Funeral Home and Mr. Hennessey determined that the vault had been stolen earlier that day from the St. Augustine Cemetery.

Fall Day In Brooksville Conclusion

"The cost of machinery has gone up, but farmers are used to tightening their belts and putting off a major purchase until times are better. Then there is a lot of tobacco in the area that was carried over from last year. This will help," the banker said.

Moorhead's faith in the stability and growth of the area is matched by the bank he manages. Founded in 1907, it is a locally owned bank with no one man holding anywhere a controlling interest. He has worked in the bank since 1942 and his father worked 43 years here—three quarters of a century between father and son.

THE BUILDING WAS built in 1930s. Perhaps there was a movement after the depression to ensure the stability of banks by making them look like they would last forever. Be that as it may, the First National Bank of Brooksville is an expanse of marble and limestone—a fitting compliment to the court house, 20 years its elder across the way.

What's going to happen in Brooksville in the future? Moorhead doesn't like the loss of young people to the town.

THE LITTLE FOXES THAT SPOIL THE VINES
by Pastor Cornelius R. Stam

Many Christian people entertain the notion that apostasy from the truth begins with a denial of one or more of the fundamentals of the faith, such as the infallibility of the Bible, the deity of Christ, or the efficacy of His redemptive work. The moral aspect of apostasy, they suppose, comes about in much the same way.

This view is not wholly correct, for apostasy generally begins, not with holding, but with condoning spiritual or moral error.

Eve fell into sin, not by denying what God had said but by listening to Satan.

In the Song of Solomon, the Shulamite damsel, doubtless quoting the words of Solomon, her beloved bridegroom, notes that the vineyards are in full blossom. Soon the grapes will be ripe for the marriage feast. But a danger threatens the harvest: “the foxes, the little foxes that spoil the vines.” These must without fail be “taken,” or caught (Song of Solomon 2:15).

What a striking lesson we have here! How often God’s people have stood at the threshold of great blessing, the refreshing odor of an abundant spiritual harvest in the air when, alas, all has been lost — not through a frontal attack by the adversary, but by those wily little foxes that had been permitted to spoil the vines. Some doctrine or practice clearly unscriptural and subversive of spiritual blessing, had been condoned when, like the little foxes of Solomon’s song, they should have been caught and disposed of.

PRESBYTERIAN POTPOURI

by Les Grooms, pastor

We had our annual spaghetti and lasagna supper this past Saturday night. I spent the time visiting with friends that I had not seen for a while. The ladies of the church did a wonderful job and raised a significant amount of money for the church. They are the backbone of the church and deserve a lot more praise than they get.

Sunday night twenty-six of our congregation attended the gospel sing that was held in the Augusta Christian Church. The singing was great. There is a lot of talent in our area and much of it was present Sunday night. About \$450.00 was raised for the benefit of the Augusta Ministerial Association. There are preliminary plans to have another gospel sing in December emphasizing Christmas music. In addition to the money raised, many cans of food were brought in for the food bank. Thanks for the generosity of those attending the gospel sing.

During the time of the gospel sing, I got the opportunity to visit with the Methodist minister, Bill Clos, and with the Christian minister, Scott.

On Sunday, November 11 at the worship hour, we are hosting the musical group, Ray of Hope. Three of the members of the group are former students of mine. They sing country gospel and do a great job. Come and worship with us that morning and enjoy their music.

The community lost a great friend this past week. Charlie Wilson and I had a special relationship. Charlie had a great sense of humor. At the special meals and especially during Lent, I got a chance to visit with Charlie. After he sold his business to Jay, Charlie still showed up to work each day just in time to eat lunch. Our community will miss him.

We have continued with the study of the book of Acts during our Sunday School hour. The study was written by Max Lucado and highlights the important passages from the book of Acts. The study is divided into twelve lessons. We are going to be studying a series of lessons on grace after we finish the book of Acts. The study guide for this series is written by Max Lucado also. The children's Sunday school class is now studying Grace.

We had 56 worshippers in attendance Sunday. Earl Bush was the worship leader, Susie Hargett led the singing, Jean Appelman prepared the communion table, and Lynn Darnell and Gretchen England served the communion elements. Susie Hargett sang while the bread and the fruit of the vine were being served.

NEW LIFE FELLOWSHIP by Beverly Whittaker

We welcome all that came to worship with us this past Sunday, November 4th. Pastor Jeremiah spoke on God is our Righteousness in the Adult Kingdom Builder's class. The Lord is our stain remover. Angela Tucker sang the special this morning "What A Friend We Have In Jesus" accompanied by Sheryl Hicks, David Tucker, and Wyatt Thorpe. Pastor Doug's message this morning was about our troubles and trials we face in this life, with the text being Psalms 46:1-11. Like Jesus, we can overcome trouble and he is in our midst. Upcoming events: November 11th will be skating at Lewisburg skating rink from 1-3 pm. The cost is \$2.00 per person. December 9th-Thanksgiving-Christmas combination dinner after the morning worship service. Please keep our country and our leaders in your prayers. If you do not have a home church, we invite you to our services at New Life. Our Wednesday evening meal begins at 6 pm and prayer service at 7 pm. Our Kingdom Builders classes for all ages begin at 9:30 am and praise and worship at 10:30 am. Remember God loves you and so do we! Have a blessed week.

GREETINGS FROM ST. JAMES by Caroline Jefferson

Our sincerest sympathy is extended to the family of Charlie Wilson. As a cousin to Charlie, I remember going to Grandma and Grandpa White's for family get-togethers and Charlie, along with Uncle J.D. always seemed to keep the party going! Charlie maintained that personality until the end and his presence will truly be missed! May God bring comfort to all the family as we recall the many memories Charlie gave us!

Please join us for St. James Harvest Dinner on Sunday, Nov. 11. Along with your appetite, please bring a family-sized covered dish of salad, casserole or dessert. And on Tuesday, Nov. 13, the Women's L.I.F.E Group will meet at 7 PM in the Parish Hall.

Sunday is also the day to honor our veterans and offer them our sincerest appreciation for the time and sacrifices they made to their country as we celebrate Veterans' Day 2012! Our family, like so many others, has family members that never made it back from serving their country in the military! These men and women have left a gaping hole in the family's circle. To all our Veterans, we appreciate you for all that you represent and ask God's choicest blessings on you!

Blue Grass Energy offers prepaid metering

In late September, a pre-paid metering program became available to residential members of Blue Grass Energy. With prepay, members purchase electricity before they use it. This program allows members to avoid paying deposits, late fees, disconnect or reconnect fees.

"Blue Grass Energy is excited to offer this program to our membership," said Blue Grass Energy President & CEO Mike Williams. "This voluntary program offers our members options, allowing them to manage their electric usage and pay when it's convenient to them."

Members enroll in pre-pay by placing a minimum of \$100 in their prepay account. No deposit is required. They are provided text or e-mail alerts when account balances reach a minimum amount of \$25. They will continue to receive alerts until a payment is made—causing the balance to become greater than \$25.

Members can also monitor and manage their accounts via our website (www.bgenergy.com) or with our new Blue Grass Energy smart phone app available for iPhones in the App Store and for androids in the Marketplace.

Members may add to their account by making convenient payments of any amount at any of our four Blue Grass Energy offices or over the phone.

"Members can make several small payments throughout the month rather than having a larger payment due on a certain date," Williams said. "The technology we have allows members the ability to monitor their usage daily and manage their consumption of electricity."

For more information on Blue Grass Energy's prepay program, call 1 888-546-4243.

Superstorm Sandy delays arrival of Columbus Ships in Maysville

Due to Superstorm Sandy, the Columbus Ships, 'Pinta' and 'Nina' will now open in Maysville on Thurs., Nov. 22nd. The ships will be docked at Limestone Landing, intersection of E. McDonald Parkway and Limestone St., near Hwy 62, until their departure early morning Mon., Dec. 3rd.

The 'Nina' was built completely by hand and without the use of power tools. Archaeology magazine called the ship "the most historically correct Columbus replica ever built." The "Pinta" was recently built in Brazil to accompany the 'Nina' on all of her travels. She is a larger version of the archetypal caravel. Historians consider the caravel the Space Shuttle of the fifteenth century.

Both ships tour together as a new and enhanced 'sailing museum' for the purpose of educating the public and school children on the 'caravel', a Portuguese ship used by Columbus and many early explorers to discover the world.

While in Port, the general public is invited to visit the ships for a walk-aboard, self-guided tour. Admission charges are \$8.00 for adults, \$7.00 for seniors, and \$6.00 for students 5-16. Children 4 and under are Free. The ships are open every day from 9 a.m. to 5 p.m.. NO RESERVATIONS NECESSARY.

Teachers or organizations wishing to re-schedule or schedule a 30 minute guided tour with a crew member should call 1 787 672 2152 or email columfnd@surfbvi.com Minimum of 15. \$5.00 per person. No Maximum. Visit our website at www.thenina.com for additional information

KRT presents “A Country Christmas Carol” Dec. 1st - 27th at the Falmouth School Center

“A COUNTRY CHRISTMAS CAROL” is the classic Dickens’ story of Ebenezer Scrooge set in typical small town U.S.A. where Ebenezer is the banker, owner of the hotel and half of the other real estate in town. He is a mean, miserly grouch who generally hates anything that has to do with Christmas. The widow, Bobbie Jo Cratchit, is Ebenezer’s hard working secretary who has to support her two small children, Jane and Tim. Dwight, Ebenezer’s nephew, has a slight drinking problem and spends more time singing and playing guitar that he does trying to find a job. Lavinia, the hotel proprietor, tries her best to help everyone keep the Christmas spirit in a town where times are hard and money is short. Virgil, the handy man, Doris, the Kiddy Choir Director, Radio Man, the Emcee of the Christmas Talent Show and Linda Lee, a sassy young waitress are other characters that add excitement and comedic relief to the story. All of this is topped off with Christmas carols and songs with a country-western flare that will have everyone smilin’, laughin’ and singin’ along. “A COUNTRY CHRISTMAS CAROL” is just what you need to get the old Christmas Spirit going this season. For ticket information and reservations, call the office at 859-654-2636 or go on line at www.KRTSHOWS.com.

with David Blandford, M.D.

HOW LED SCREENS INHIBIT SLEEP

If you are spending an inordinate amount of time at night looking at the backlit LED screens of most computers (including tablets and smartphones) and many flatscreen TV’s, they may be interfering with your ability to sleep. LED screens emit blue light, which plays a role in promoting sleep. The body’s sleep/wake cycle is affected by the pineal gland’s secretion of melatonin, the hormone that is produced nightly to promote drowsiness. Exposure to light (notably blue light) during the day suppresses the production of melatonin, which is why lack of light at night helps us to sleep. However, if the eyes are exposed to LED screens that produce enough blue light to turn off melatonin production, sleep suffers.

Battle of Augusta booklets to be placed in local libraries

The Battle of Augusta Commemoration Committee appreciates all of their volunteers, participants, and spectators for their help in making the battle weekend a tremendous historical observance.

Several representatives from the state historical society and military groups participated in some of the events and took back to their co-workers a newly found interest in our county and the battle and skirmishes which took place.

There were four local photographers who snapped over two-thousand shots of residents and events! Using selections from these pictures, color photograph booklets are being developed and will be placed in both county libraries so that residents can see their pictures.

These booklets will become a permanent record of this event and the persons who shared their time, abilities, and artifacts to commemorate this historical event!

Taylor Elem. second graders busy working on adjectives

Second grade has been busy working on adjectives at Taylor Elementary. On Wednesday, October 31st – Halloween, second grade students carved pumpkins or painted their pumpkins. Parents came and assisted the teachers carving the pumpkins. Students got to use their senses(how it felt, smelled, etc.) to describe the pumpkin. All students got to take their pumpkin home at the end of the day. The students have been working on common core standard 2.1e which deconstructed is “ I can write complete sentences using the correct parts of speech (adjectives).”

TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

606-735-9960

Howdy Folks! It certainly is hard to get these old bodies adjusted to the time change! For the next couple of weeks our motto will be ‘early to bed and early to rise’ until the metamorphous is complete! By the time you read this, we will have elected our President of the United States for the next four years along with countless other positions in local, state and federal governments. We pray that those we choose to lead us into the future are committed to the moral as well as the economic welfare of this country! Also, our prayers of appreciation go out to all our veterans as we honor them this Sunday for Veterans’ Day 2012!

The military as well as our schools are producing some very good leaders and among them are the students in Ms. Christina Lewis’ Family Consumer Science Class at Augusta Independent School. Bin and Bug had the privilege of speaking with this class on Friday about recycling in our area. Ms. Lewis had the good fortune of obtaining a recycling tote for each classroom in the school. Students from her class have assumed the responsibility of educating the staff and students on the “do’s and don’ts” of recycling and emptying the bins into the school’s recycling trailer once a week! As part of their community outreach program this will help the entire school develop the very good habit of recycling! November 15 is celebrated each year as America Recycles Day so each student was presented with information and other goodies in an ‘America Recycles Day’ trash bag for their family vehicle. As this program progresses, we look forward to continuing

Letters To The Editor

Dear Bracken Countiens,
On November 1, 2012, 17 members of the Polar Bear Football Team, three Parents and Coach Redden cleaned trash off the Right of Way. It was a great team bonding experience and was also good for the eco system. We picked up 19 bags of garbage in a short stretch of 3 miles. I say short because that is a lot of garbage for the distance we picked up but it seemed long when we were walking it. The \$500 fine for littering just isn’t worth it!

It Can Wait!! Project coming to BCHS and AHS

Diane Poe, Vice President, Alyson Crawford, Historian as well as Lydia Myers, Community Service Chair, for Bracken County High School FBLA would like to announce the "It Can Wait" community service project that is designed to show students the dangers of texting and driving. This project will take place at BCHS the week of December 3-7, 2012. All high school students from Augusta Independent Schools and Bracken County High School will take part in a week-long series of activities that will culminate in an assembly on Friday, December 7, where the students will be given the opportunity to see first-hand the dangers of texting and driving. Dynamic speakers and multimedia presentations will be part of the assembly on that day. The students will also get to take a turn at a texting and driving simulator that shows just how hard it is to text and drive.

The public is invited to attend the event after school hours to try your hand at the simulators as well. T-shirts can be ordered by calling Tracy Florer or Carrie Jefferson at Bracken County High School (606) 735-3153 or stopping by the office. Letters To The Editor

Dear Editor,

The Augusta Independent School Class of 2015 recently had the opportunity to clean Highway 19 from the AA to Route 8. As a class, we picked up 19 bags of trash. We could not believe the amount of litter all over the highway. We were disgusted and appalled to find items such as: used diapers, beer bottles, and fast food containers.

As a class, we learned so much from this experience. We learned the importance of disposing of our trash the proper way. We also learned that all members of our community and county should take pride in the environment and do their part to help reduce littering.

It is a shame that in our society, we have to depend on others to clean up someone's illegally thrown trash. It is also a shame that all of this littering could be avoided by simply disposing of trash the proper way. The Augusta Independent School Class of 2015 encourages all members of our community to do their part to help reduce and prevent littering!

*Sincerely,
The Augusta Independent
Class of 2015*

BC Schools Unbridled Learning Accountability Results Released

The Kentucky Department of Education has released the 2011-2012 Unbridled Learning Accountability Results. This marks the first release of scores using the new Kentucky Performance Rating for Educational Progress (K-PREP) Assessment and the Unbridled Learning Accountability Model.

The Bracken County Schools have worked hard implementing the new Common Core Standards in the elementary through high school. Our continued goal is to have every student college and career ready by the time they graduate. We continue to strengthen our instructional practices each day and will continue to emphasize a strong reading and math curriculum for all grade levels.

We plan to celebrate and acknowledge the success many of our students achieved. We also acknowledge that we have areas that need improvement. We will begin work in these areas immediately to ensure that we are effectively educating our children. We have many tough challenges facing us in the years to come as we continue to use the Common Core Standards. Our students and staff are very resilient, and will meet these challenges as they are presented, to ensure that all students graduate college and career ready.

At Bracken County High School, the staff and students are excited to celebrate that BCHS currently ranks in the top 71 % of all public high schools in the state of Kentucky, classifying it as a Proficient school BCHS students made overwhelming improvements in a multitude of areas.

English, the percent of students scoring Proficient and Distinguished on the End of Course Exam was 71.6%, this is 19.4% above the state

average of 52.2%

Math, the percent of students scoring Proficient and Distinguished on the End of Course Exam is 63.4%, this is 23.4% above the state average score of 40%.

The average ACT score showed significant gains in all areas, with an increase in the average composite score from 17.4 to 18.7.

Areas identified for improvement are Science and Social Studies. BCHS students and staff will continue to work diligently to improve, and to produce a graduate that will be successful in the global community.

At Bracken County Middle School, Reading (grade 7 & 8), Writing Mechanics, and Science scores were above the state mean. BCMS will continue to address moving more students from the Apprentice level to Proficient at all grade levels and continue Novice reduction.

At Taylor Elementary, the staff is excited to have the results of this new innovative test. They feel it will allow them to better fine tune their teaching to benefit their students. They were pleased with the science, writing and social studies scores.

- Science scores were 6.5 points above the state mean
- Writing scores were 7.1 points above the state mean
- Social studies scores were 4.3 points above the state mean

Scores fell slightly short in the areas of reading and math. Taylor has plans to adopt a math program that will allow for better alignment of the curriculum and will help to provide interventions for students who fall above or below the typical content level at a given grade. Taylor has also implemented a more rigid reading intervention program using data to drive all instructional decisions.

Mock election names Romney Winner at Augusta Schools

On October 25th, voting machines were brought to Augusta Schools where students seventh thru twelfth grade were invited to participate in a mock election between the 2012 presidential candidates Barack Obama and Mitt Romney. The Bracken County Courthouse brought voting booths into the school, exactly like ones that will be used during the election in polling places across Bracken County and the state.

Leading up to the mock election and the November 6th national election, students spent time in their respective social studies classes preparing for the elections. The day's lessons included information on the Electoral College process, general explanations on voting procedure, information about the candidates, the layout of the Kentucky/ Bracken County ballot, and why it is a duty as a United States citizen to vote.

Students enthusiastically waited in line and one by one made their decision as to what candidate they believed would do the best to run the country for the next four years. Although these results will not count toward the national election, as all the students learned you have to be 18 to legally vote in elections, it was viewed as a great opportunity for students to familiarize themselves with the process and realize the importance and meaning of voting. Overall 140 students and staff members participated in the election school wide. After much anticipation, the results were tallied: 80 total votes were counted for Mitt Romney and 60 for President Obama.

As part of a statewide program, Augusta's results will be posted on the following website: <http://www.sos.ky.gov/secdesk/initiatives/civics/mockelection/>. All students, guardians and members of the community are invited to logon and compare Augusta's results to schools all across the state.

KSP Kicks Off Statewide Safe Driving Program: Operation R.A.I.D

Kentucky State Police kicks off a six-month fall, holiday, and New Year enforcement campaign called Operation R.A.I.D. (Remove Aggressive, Impaired and Distracted drivers from Kentucky Roadways). The effort was developed by KSP Commanders across the state to target driving behaviors that cause most crashes in Kentucky. Operation R.A.I.D. began Nov. 1st and runs through April 30, 2013.

KSP Director of Operations, Lieutenant Colonel Jack Miniard says the unique aspect about Operation R.A.I.D. is that although it will have the same objectives, each post will have a different operational plan based on crash activity in that region.

"Many times, law enforcement will participate in a blanket campaign that may or may not work well in certain areas," says Miniard. "Operation R.A.I.D. allows each post to identify targeted areas based on real time crash data and mapping systems for more effective results."

Miniard says the cam-

paign will have both an enforcement and educational component to assist in getting the message out to motorists. "We will have more visible enforcement in crash corridors, more roving patrols, and an increase in safety checkpoints across the state," adds Miniard. "Posts will utilize best practices for which they have had the most success and combine current crash data to identify targeted enforcement zones."

"Each post will be challenged to utilize their Public Affairs Officers as an outreach tool to the community," says Miniard. "Through media and education we can get our message out while providing the public with safe driving resources."

Miniard says the campaign focus is on reducing the loss of life on Kentucky highways. "This program is not about writing tickets, it is about enforcing traffic laws and bringing awareness to dangerous driving behaviors that cause crashes," adds Miniard.

The National Highway Traffic Safety Administration (NHTSA) defines aggressive driving as occurring when "an individual commits a combination of moving traffic offenses so as to endanger other persons or property." NHTSA studies show that aggressive drivers cause two-thirds of all fatal crashes and 35 percent of all crashes.

For more information about Operation R.A.I.D. in your area, please contact your local post or call the KSP Public Affairs Branch at (502) 782-1780.

Bracken County Middle School eighth graders complete Colonial Simulation

Bracken County Middle School 8th graders in Mrs. Stephenson’s Social Studies class have just completed their annual colonial simulation. Students earned wealth units which were then used to purchase people and supplies to begin their colonies with. Students chose names and designed flags to represent their colonies and loaded their ships. After sailing across the Atlantic Ocean colonies chose land on which to begin their settlements. Each round, members decided how their people would work, if they wanted to trade, or if they wanted to battle the Indians or other colonies. At the end of the simulation they had to pay back the government, private companies, or individuals who had helped them begin their journeys. The colony that accumulated the most wealth units throughout the simulation was determined to be the winner.

Augusta’s Snapp, Kelsch advance to State XC Championship

When considering the total number of students in our state, only a small majority get the opportunity to represent their school in a state championship. Two of Augusta’s cross country runners earned that opportunity at the Region 5 Class A Meet on November 03. Freshman Camryn Snapp led the Panthers finishing 10th with a time of 18:30. Following close behind was senior Tanner Kelsch who crossed the finish line at 18:40, placing 12th. After the runners from teams who qualified for state are removed, the next top five runners advance. Snapp was the third individual runner to advance, while Kelsch was the fourth.

“I’m very pleased with our performance today,” Augusta Coach Tim Litteral stated. “Our top two were about a bit off where I thought they might be, but at the same time, they finished about where we expected. Just being our second year with a team, the fact that we’re sending two individuals who have worked very hard to state is very exciting. Camryn is just a freshman and is a very bright spot for the future of our program. Tanner has been a good senior leader, and I’m really excited for him to get this opportunity. It’s been a long time since someone from

Augusta’s Tanner Kelsch and Camryn Snapp qualify for the state championship.

Augusta has been in a state championship.”

For the other Panthers, Saturday wrapped up their season. Thomas Mains finished with a time of 23:14. “Thomas has been experiencing some knee soreness this week and didn’t run his best time today. He’s also dealt with some ankle pain throughout the season, but he’s never complained about it. Just being a 7th grader and running varsity, he’s someone we’re going to rely on in the future,” Litteral commented after Saturday’s race.

Dylan Archibald ran his 5K in 24:46. “While we’re losing a good senior leader in Tanner, I hope to gain one in Dylan Archibald. Dylan didn’t join cross country to win a race, but instead did it to improve himself. He’s a

good student with a strong work ethic who has been a positive addition to this team. He’s decreased his time nearly six minutes from the start of the season. He started at over 30 minutes, but is now running under 25:00. I expect him to continue working on his own to improve during our off-season, and I will look to him to help me continue building this program next year.” Augusta’s final runner, in his first year, was Logan White who finished in 29:02.

The 2012 KHSAA State Cross Country Championships will be held at the Kentucky Horse Park in Lexington on Saturday, November 10. The Boys Class A race is set to begin at 10:15 a.m.

Orange & Black Night this Friday

Augusta’s annual Orange and Black Night will be held Friday, November 9, at the Panther’s Den. It will kick off with a chili supper from 5-7 p.m. in the cafeteria. The meal includes chili, a sandwich, and a drink for \$5. Dessert will be sold separately. Beginning at 6pm, teams will begin to be introduced and scrimmaging, giving fans an opportunity to see what they can expect this upcoming season. Teams participating include the high school boys’ basketball team, high school girls’ team, middle school boys’ team, and middle school girls’ team. Cheerleaders and the pep

band will also add excitement to the evening’s activities.

Girls’ middle school basketball will take the court first at 6 p.m. Boys’ middle school basketball will follow at 6:20. Middle school cheerleaders will perform at approximately 6:40. At 7 p.m., the high school girls’ team will take the floor. Kiddie Cat Cheerleaders will have a performance at 7:30, followed by the boys’ freshmen and JV teams’ scrimmages at 8 p.m. At 8:25, high school cheerleaders will be introduced and perform for the crowd. The evening concludes with the introductions and scrimmaging of the boys varsity at approximately 8:50 p.m. Admission to Orange & Black Night is \$2.

Bracken County 4-H Receives Funding

Kentucky Commissioner of Agriculture James Comer announced in February that for the first time, the proceeds from the farm licenses plate voluntary donations would be divided equally among 4-H, FFA, and Kentucky Proud. Farmers can make the \$10.00 donation when they renewed their license plates.

The 4-H share for the fiscal year ending June 30, 2012 was \$121,708.64 and benefits all levels of Kentucky 4-H. The Kentucky 4-H Foundation splits the donations equally between the county from which the funds originated and the Foundation. Half of the donations used by the Foundation will support state level programs. The other half will support county programs where the donation originated, making this a great opportunity for local 4-H Councils, Clubs, and members to increase financial support for their program.

“The voluntary donations from the Kentucky farm license plate renewals will help Kentucky 4-H give young people around the Commonwealth opportunities that develop leadership, citizenship, and life skills,” said Agriculture Commissioner James Comer.

Over 228,000 youth are involved in KY 4-H programs. Kentucky ranks in top 10 in several 4-H enrollment categories nationwide.

“The Kentucky 4-H Foundation is working with Commissioner Comer and the Kentucky FFA Foundation to raise awareness about the farm license plate voluntary donation program,” said Keith Rogers, Executive Director of the Kentucky 4-H Foundation. “This is an excellent opportunity for our agricultural community to support the youth of Kentucky and Kentucky Proud program. We encourage those with farm tags to make the \$10.00 donation next March when they renew their farm license plates.”

4-H youth are a living, breathing, culture-changing revolution for doing the right thing, breaking through obstacles, and pushing our country forward by making a measurable difference right where they live. Please visit the 4-H Foundation’s new website at www.kentucky4hfoundation.org.

Sports in Kentucky

by Bob Watkins

NEXT! Kentucky Fans, be slow to fall in love ... again

The long good-bye. Kentucky's open date Saturday, gives lame duck coach Joker Phillips pause to deal with 'what if's and 'if onlys,' then rally his thoughts, rally his troops, and gather up for Senior Day.

A week on, he and they can warm in the rally call "Win One For Coach!" as the Wildcats get on a bus and head for the most important football trip to Knoxville since the day a senior flanker played for Jerry Claiborne and beat Big Orange in Big Orange Country. The flanker was Joker Phillips, the year was 1984, the score, 17-12.

THE 'KENTUCKY JOB'

First, when the new coach signs on, he'd better be humble, realize from the get-go, he rates no higher than the sixth on the celebrity food chain here and half don't even coach basketball. John Calipari, Rick Pitino, Charlie Strong, Willie Taggart and whatever horse is favored to win the Kentucky Derby.

Observations ...

Big Blue Nation should be slow to fall in love until two things are clear.

1. A defensive coordinator is announced. The new DC had better show up ready to say, "make no mistake, gentlemen, we ARE gonna stop the run!" and "you're too damned heavy!"

2. The new recruiting coordinator should be skinny and handsome and talk authentic cool (John Calipari). He must not be a fat guy. One who thinks a Rotary Club invitation means he's a VIP and writes his free lunch up as a recruiting expense.

Kentucky football is a GOOD job. No laughing, please.

Think: Geography, weather, facilities, starved (if fickle) fan

base, the SEC, Keeneland, free basketball tickets. And, the pay isn't bad living in central Kentucky.

And recruit-rich regions. While Georgia and Florida high schools have been good to Kentucky, southern and central Ohio along with Pennsylvania and, ready for this, New Jersey, are recruit hot beds untapped by UK.

And, the UK coach must do this again: Get a foothold in Jefferson County.

First, the good news - eliminating Bobby Petrino as an option, Barnhart avoids a Billy Clyde Gillispie Redux.

When the skin color lobby telephones to remind Barnhart about minority hiring, the AD ought to be "out of town."

Joker is out after three. College administrators who sign coaches to five year contracts for rebuild jobs is a peculiar standard, don't you think? Aggravated by ticket price hikes, the shelf life of fan support is three seasons. (re: Gene Chizik at Auburn under fire three years after a national championship).

Joker Phillips took over a 'rebuilding job' at Kentucky. When Randall Cobb left early for the NFL, UK became a rebuilding job.

Joker Phillips is due \$2-plus million for two seasons he won't be on the sideline. Fans can count on two things - the director of athletics will find ways to pay the buy-out and Big Blue Nation probably won't like any of them.

John Calipari. The new football coach should embrace the basketball coach's community involvement strategy and reject the rest.

Will Tee Martin's name re-surface?

With Beano Cook no longer available, a visit with guru Lou Holtz. Just kidding. Maybe.

Barnhart knows and we know his next hire will define his legacy, make or break his chance of having a statue erected of himself outside Craft Center instead of a portrait in a hallway.

Finding Kentucky's next football coach, Barnhart should bend the axiom "hurry, but don't rush," into "no hurry at all." With a three win season at best, and staff gone, recruiting for 2013 will be leftovers. So, watch the coaching carousel fill up. There is no hurry at all.

The search. Considering what's at stake, Barnhart should discard the usual course, throw money to a national search consulting firm to find and vet candidates. Instead, make his legacy hire a personal and public demonstration to fans of a man determined to find his man.

Consultation with UK All-Americans is a good idea - Howard Schnellenberger, Dermontti Dawson and Rodger Bird to start. Have lunch with high school coaches Dale Mueller (Highlands), Bob Beatty (Trinity) and Ty Scroggins (Louisville Central).

UK football's demise this season has been less about Phillips' caring and competence and more about his (overpaid?) staff's inability to improve players fundamentally enough to compete in the SEC.

Because there is no whine in brutal-every-week SEC football, Rick Minter and the others have no excuses. They failed their coach, but more, failed folks who paid \$50 a Saturday (not counting pop corn), and Phillips takes the fall.

IRONY DEPT.

In lieu of Vandy's 40-0 beat-down in Lexington last week, if the Commodores give Tennessee a similar black-and-gold whuppin' in Nashville November 17, then usual doormat Vandy could be the instrument in firing of two SEC coaches within three weeks. Tennessee's Derek Dooley appears headed to the unemployed millionaires queue along with Phillips.

WORTH REPEATING DEPT.

When word came that Joker Phillips was out at Kentucky, reaction from a Big Blue Nation internet board message board said enough: "... this is what the Big Blue Nation wanted, me included. But, for some reason I thought I would be happier."

PARTING SHOT

Football players at Kentucky did not show up for the game at Missouri.

Alarming, Big Blue Nation didn't show up for the players at the Vanderbilt game.

Concerning, University of Kentucky officials would condone an outright lie about attendance.

Bottom line: Kentucky fans have a chance next week to say goodbye to one of sports' Good Guys, Joe 'Joker' Phillips.

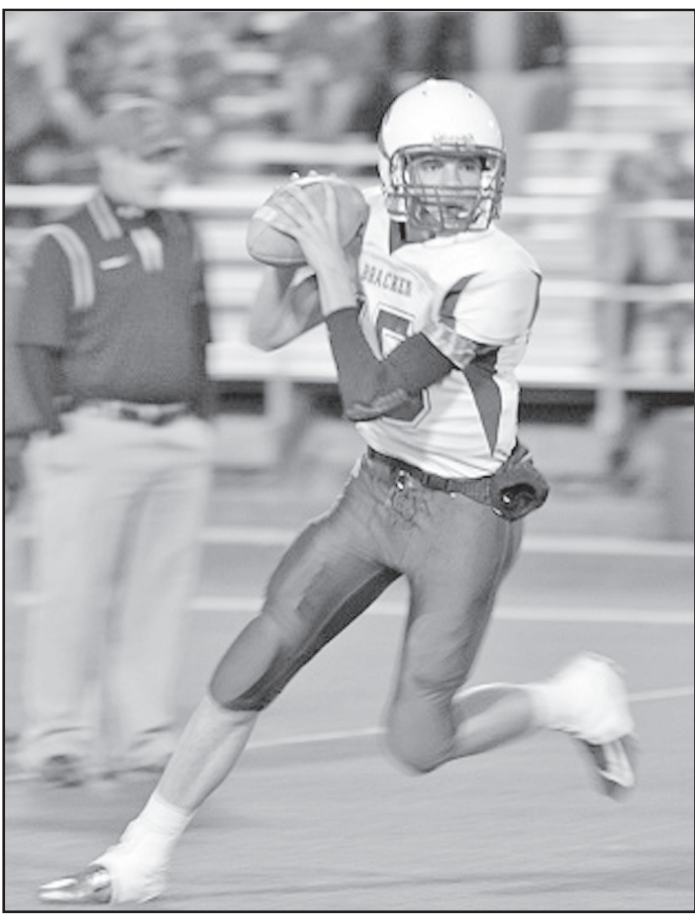

And so it goes.

Polar Bears Go to The Playoffs

The Polar Bears traveled to Northern Kentucky to play the first round of playoffs at Beechwood. Upon entering their facility you had to wonder if you were at the right place, it looked more like a college campus than a high school field. The field was covered in astro-turf and their weight room was an entire building with enough equipment to make it looked more like a health club. As we looked down upon the field you couldn't help but notice that Beechwood's numbers were impressive as well, we counted 54 players.

The game started with Bracken kicking off, but the Tigers would turn the ball over to the Polar Bears and then we would turn it back over again. On the Tigers second possession they kicked a field goal making the score 3 to 0. The ball would again change hands multiple times. The Tigers scored a TD making the score 10 to 0 and ending the 1st. quarter.

In the 2nd quarter the Tigers would get to the endzone but Bradley Blevins would force a fumble and the Polar Bears would recover. The Bears wouldn't make much ground off this possession and the

ball changed hands again on downs. The Tigers again connected 3 more times with long passes for TD's bringing the score to 31 to 0 at the end of the half.

In the 3rd. quarter the Tigers scored 2 more times bringing the score to 45 to 0 but it would be their last. In the 4th. quarter, Logan Houston handed the ball off to Connor Rigg and he would bust thru a hole that the line

had made for a Polar Bears Touchdown. The game would end with a score of 45 to 8.

I for one am sorry to see the season end. It has been a great one, and our team just seems to continue to improve with each and every year and I am positive that next year won't be any different. Go Bears!!!

PFC Eugene Estep awarded Distinguished Service Cross

The family of Bracken Countian, Eugene Estep, is pleased to acknowledge his posthumous awarding of the Distinguished Service Cross for actions during the Korean War.

Private First Class Eugene Estep (ASN:RA 15378435), United States Army, was awarded the medal for extraordinary heroism in connection with military operations against an armed enemy of the United Nations while serving with Company H, 3d Battalion, 187th Airborne Regimental Combat Team, 11th Airborne Division.

Private First Class Estep distinguished himself by extraordinary heroism in action against the enemy aggressor forces in the vicinity of Parunni, Korea on 25 March 1951. On that date, the machine-gun section of Company H, of which Private Estep was a member, was attached to Company G of the regiment to give supporting fire in repulsing a strong and determined enemy counter attack. When the section moved into position, the enemy immediately placed heavy, accurate fire on the machine-gun positions and launched several “banzi” attacks against the section in an effort to knock out all automatic weapons.

During the charges, both the gunner and assistant gunner in Private Estep’s squad were seriously wounded. Private

Estep, an ammunition bearer, immediately, manned the gun, single-handedly moved into a new location, and opened fire from a flanking position which caught the enemy completely by surprise and inflicted heavy casualties on the attacking force, turning their attack into a complete rout. Heedless of his exposed position he remained in the position firing until he was mortally wounded by enemy rifle fire.

After the attack was repulsed and the position of the company secured, thirty enemy dead and twenty wounded were counted near Private Estep’s position as a result of his deadly machine-gun fire.

PFC Estep was the son of Anderson Todd Estep and Nellie Nickerson Estep. He was honored at Fort Campbell by having a museum named after him.

A Time to Honor

By: Rep. Mike Denham

Anyone in America who expresses a thought or opinion openly, practices religion freely, and elects leaders independently without fear of persecution owes a debt of gratitude to our veterans. Veterans Day, and every day, is the time to honor these brave men and women.

We have an opportunity this Veterans Day to thank our veterans not only for defending our basic rights and freedoms, but also for the lifestyle we enjoy. Our ability to work, shop, travel and other privileges can all be accredited to veterans. Indeed, it is difficult to determine just how far reaching our veterans’ contributions to society actually are.

When I think about everything our military men and women have afforded us, it is impossible not to also reflect on what they have sacrificed. Members of the Armed Forces put their own life on hold for the mission of our country. In amazing acts

of selflessness, they leave their family, homes, jobs and everyday lives behind to protect ours. Some never return. Others return with permanent reminders of service through injuries and scars, both visible and invisible.

Their sacrifices should never be forgotten.

I am grateful to all the nation’s veterans, but especially to those in Kentucky. Kentucky is home to more than 335,000 veterans—approximately eight percent of our population. More than 3,200 veterans live in Bracken, Fleming and Mason counties, the district which I serve. These men and women are our neighbors, co-workers, friends, and relatives. While their individual service spans decades, multiple conflicts, and a variety of duties, they all contributed to the peace and freedom we enjoy in our nation, our state, and our community.

I encourage everyone to join me in saluting them—this Veterans Day, and every day.
